

Join us in the fight against cancer today!

American Cancer Society Relay For Life

The American Cancer Society Relay For Life is the world's largest movement to end cancer. It unites communities across the globe to celebrate people who have battled cancer, remember loved ones lost, and fight back against a disease that has taken too much. Teams of people camp out at local schools, parks, or fairgrounds and take turns walking or running around a track or path. Symbolizing the 24/7 battle that cancer patients fight, Relay events are held overnight.

Relay For Life brings together 3.5 million people each year in communities across the country to raise awareness and much-needed funds that enable the American Cancer Society to help save lives by helping people stay well and get well, by finding cures, and by fighting back against cancer. Together with the support of dedicated partners like the Jaycees, we are saving lives and creating a world with less cancer and more birthdays.

The Jaycees are a member of the Relay For Life National Team Program.

The National Team Program is an organization-wide effort to fight cancer and celebrate survivorship in our local communities. The Jaycees have joined other organizations

in making a nationwide commitment to save lives from cancer. We're proud of the contribution our members make in their local communities, and we want to support those who are fighting back – whether it's as a survivor, a caregiver, or someone who just wants to help eradicate this disease by forming a team, participating as a team member, or by volunteering on a Relay committee.

Your Jaycees Chapter is invited to join the fight against cancer!

If you'd like to join your American Cancer Society Relay For Life as part of the Jaycees' nationwide commitment to save lives and create a world with less cancer and more birthdays, visit [events.cancer.org/\(companyRFL Web site\)](http://events.cancer.org/(companyRFL Web site)) to learn how you can participate, or contact the Jaycees volunteer leader, at 09USJC4ACS@gmail.com.
